

Let your voice be heard!

Join Community Care for a Youth & Young Adult Member Advisory Meeting!

Community Care is a nonprofit managed care organization. We oversee behavioral health care services and programs that our members receive. Community Care works with providers to help them to deliver innovative and accessible, behavioral health services. Our belief is that behavioral health recovery is possible and that all individuals should have a voice in their treatment.

Our number one goal is to improve the quality of services for our members and families in our community by providing programs that are appropriate and accessible for our members that focus on recovery. We need your feedback to achieve that goal!

Who can attend?

Youth and Young Adult Members between the ages of 16 and 21
